Subject MSA robust study summary

Hi, Meena!

Here is a copy of the robust study summary for the OECD 422 study on the chemical methane sulfonic acid CAS# 75-75-2 as requested.

Arkema will submit the entire data package for this material under the EPA HPV in the near future. The final summary reports are being prepared.

If you have any questions regarding this material, please feel free to contact Hon-WIng.

I hope you have a nice weekend!

Sandi
